

Introducing the

# SPECTROLINE® OPTI-LUX™ 365

## New, Super-Compact, Cordless, UV LED Leak Detection Flashlight!

The OPTI-LUX™ 365 is an economical, rechargeable LED leak detection flashlight that provides pure UV light for optimal fluorescent dye response. It works with *all* fluid dyes, producing a brilliant glow that makes all leaks easier to spot. Slashes diagnostic time. Ideal for all industrial and aviation fluid system applications.

### FEATURES:

- More than twice as powerful as most corded, high-intensity UV lamps
- Inspection range of up to 25 feet (7.6 m) or more!
- Works with all oil- and water-based fluorescent dyes. Especially effective on difficult-to-fluoresce yellow, white and blue dyes, even in dirty fluids
- Conveniently located on/off switch for easy, one-handed operation
- 100,000-hour LED service life
- Instant-on operation; lamp reaches full power immediately!
- Anodized aluminum lamp body minimizes corrosion and stands up to years of heavy use
- Powered by one rechargeable lithium-ion battery, with an extra battery included in the kit. Each provides 4 hours of continuous inspection between charges.

The **OPTI-LUX™ 365** (P/N **OLX-365**) comes complete with lanyard, belt holster, two rechargeable batteries, smart charging cradle with AC and DC cord sets, UV-absorbing spectacles and padded carrying case.
